Roady, Room for Everyone.

ACCES TO COMFORTABLE TRAVELLING.

A valuable investment.

The Hapro Roady is everybody's acces to comfortable travelling. In the determination of its construction and materials, full attention has been given to reliability, safety, environmental benefits and user friendliness. With an eye for detail, the Roady is a valuable investment in travel comfort. It's Hapro's affordable entry model for carefree and safe travelling, with space for all the extra luggage you can think of, year after year, journey after journey. Are you ready to expand your life?

YOU'RE IN GOOD COMPANY.

Enabling a long and strong life.

Taking extra luggage is great, as long as you can be assured of a solid and safe solution. And that is exactly what you get with the Hapro Roady. The Hapro Roady is constructed from carefully selected solid and attractive UV- and impact-resistant ABS/ASA materials. The bottom and lid of the roof box are made of 80 percent recycled material. The Roady has been subjected to tests under the most severe circumstances, worse than any circumstances you will ever encounter. Hapro guarantees a high safety level, as the Roady has endured TÜV tests, City Crash Tests, stability tests, vibration-, water- and wind tunnel tests.

With the Hapro Roady you will be able to pack more than you anticipated. Ah well, you'll find out soon.

Material:

The Hapro Roady is constructed from carefully selected solid and attractive UV- and impact-resistant ABS/ASA recycled plastic materials.

Smart appearance:

The Hapro Roady roof box is nestable, which means the bottom fits upside down into the lid. This not only saves storage space, but the box is also transported to you from the factory in this space-saving mode, thus contributing to cutting down on CO₂ emissions.

Opening:

Opening and closing the Hapro Roady is both simple and easy. Thanks to the robust and dynamic spring struts you can be confident that the lid will remain open, making organizing or unpacking your extra luggage a piece of cake.

Roady 350

Roady 450

Mounting:

Thanks to the tried and tested Standard-Fit mounting system, the roof box can easily be mounted on to every roof rack up to 56 mm wide. Using the handy U-bracket and two safety nuts that can be tightened from the inside of the roof box, you can fasten your extra luggage space securely on to the carrier. A solid construction for a carefree journey!

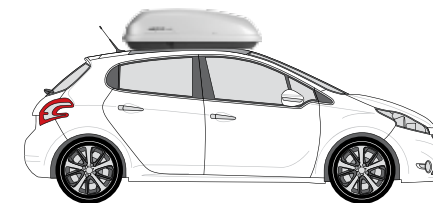

START PACKING.

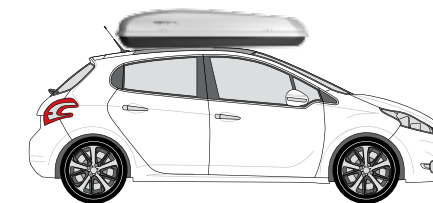

As if you have an extra car...

SIZE UP YOUR CAR.

Make a small car big, or a big car even bigger. The Hapro Roady provides the extra storage space that makes the investment worthwhile. Always having everything with you and being able to travel comfortably are essential to every relaxing holiday. Why deprive yourself?

Hapro Roady 350

Hapro Roady 450

ANOTHER DIMENSION. The Hapro Roady is manufactured in two dimensions. You can choose between the compact Hapro Roady 350 (135 cm in length) that opens at the rear or the large Hapro Roady 450 (192 cm in length) that opens on the right. Hapro Roady models are available in Matt Silver Grey.

SMART APPEARANCE.

Contributing to cutting down on CO₂ emissions.

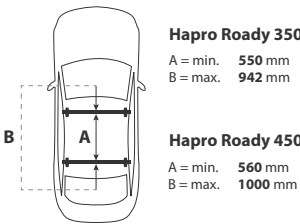

Oh, and let's not forget it's smart appearance. The Hapro Roady roof box is nestable, which means the bottom fits upside down into the lid. This not only saves storage space, but the box is also transported to you from the factory in this space-saving mode, thus contributing to cutting down on CO₂ emissions. All parts of the Roady have been pre-assembled. This means fitting the roof box at home is done with a few simple clicks.
